

# Maine Association of School Psychologists Professional Standards Committee Meeting May 26, 2020 - 2:00 PM

- **Attendees:** Susan Holinger, Lisa Backman, Danielle Williams
  
- **Review Evaluation Form:**
  - Compared to updated NASP standards - we will need to update some of the language to reflect the changes, but it will not impact things significantly
  - Further discussed how to make the form broad enough to support school psychologists working in various districts, regions, and work environments, while still providing enough specificity to be useful - talked about the use of SMART goals along with some specific examples being helpful in this capacity
  - *Committee to update the document accordingly and meet again prior to the next Executive Board meeting so that the board can review hopefully review the document at that time*
  
- **Next Meeting:** 6/11/20, 2:30
